RapidCanvas

Go from idea to *enterprise AI* solution within weeks

AutoAI-Driven
Leverage an entirely automated AI lifecycle for rapid results

Tailored For Your Problem
Meet your business needs and see expected results and ROI from AI

Expert-Led
Get help from data science experts to ensure solution performance

How to get started with RapidCanvas

WEEK 0

01 **Start with your problem**
Connect with our team to discuss your business needs, expected results and ROI to frame your business problem

02 **Generate tailored AutoAI solutions instantly**
Our AutoAI discovery process generates a matching AI solution to meet your business needs

04 **Validate with experts**
Finalize your AI solution with assistance from data science experts, and leverage industry knowledge

03 **Customize with a no-code platform**
Modify your AutoAI-generated solution, if needed, using no-code interface to choose from over 300 of the most used no-code AI templates

05 **Deploy with dashboards & data apps**
Build data applications, dashboards, charts to share insights using our conversational interface and one-click templates

06 **Improve and maintain your AI solutions**
Ensure ongoing solution performance and continually optimize your outcomes
